O-T- Y-Mazes
Radial Mazes
Open Fields
Food & Drink Cages

Home Cages
Metabolic Cages
Place Preference Boxes
Porsolt Forced Swim Tests
Tail Suspension Tests
Vogel Conflict Tests

"Working with ANY-maze has always been a pleasure. The flexibility of the program is astounding - how else could I have used it for watermaze, open field, FST, and general locomotor activity studies?"
Marcus Chock

"The program makes lab data collection so much more pleasant and organized. Especially the data and track plots from each trial... they are just beautiful."
Laura Williams, PhD
